Memo

In February 1902 the Amildar of Mulbagal submitted an estimate for Rs. 11,0:-3-0 for certain repairs to be executed to the Sri Anjeneyaswami temple at Mulbagal The estimate included a provision of Rs 830-5-0 for repairing the car-house attached to the temple. The Huzur Secretary Mr. L. Anantasamy Rao, inspected the temple at the time of his visit to Mulbagal in March 1902 and was of opinion that the repair of the car-house was unnecessary and suggested the submission of an estimate for other works necessary for the temple. In April 1902 (when I was in charge of the Mulbagal Taluk) I inspected the temple with the Amildar and pointing out to him such works as I considered quite necessary, asked him to submit an estimate for them. He has accordingly submitted the enclosed estimate for Rs 5741-14-0 In this estimate provision is made for

1. Repairing the cracks and crevices in

the

the stone paving of the main temple, and the different Sannidis or minor temples situated in the building of the main temple.

ii Constructing a brick wall for the Nathamandir taji and putting up a good door for it.

iii Improving the Jagamala by widening the door way, plastering the walls and opening a window.

iv Paving the 2 Navarangs rooms with stone slabs and opening windows as the rooms are most very dark.

v Improving the kitchen room which is in dead need of repair

2/ Under my instructions the Auditor has also given details for the consolidated estimate by submitting 9 separate estimates for the work to be done for each portion of the temple. The difference in the amount of the Consolidated estimate and the total of the detailed estimates is due to the additional provision of Rs 27 made in

in the former for certain purchases etc.

3/ I have fully satisfied myself that there are the requisite necessary. There is a sum of nearly Rs. 3000 at the credit of the temple.

I therefore beg that the sanction of Government may be obtained for the estimate.
